

April 2018 News from SEI

Residential Weekend 4 took place in St Mary's Kinnoull in the middle of March. The Rt Revd Dr Bob Gillies led the students expertly in several hours of teaching about the ministries of healing and deli

verance.

The student Worship Group rostered for this particular weekend led a memorable act of Forest Church worship in the grounds of the monastery – in teeming rain! Amazingly (given the conditions) this service was deeply valued by all who took part; we were indeed ‘washed thoroughly’ as befitted Lent!

Also in this newsletter: Students abroad. Susan Henderson, second year URC ordinand studying at SEI, currently on a six-week placement in India reports on her experiences.
