

Reflections on Holy Week and Easter

Three weeks have now passed since Good Friday, and the reality of the Resurrection has taken hold once again. In this time, during the Season of Easter, we walk with the Risen Christ and look at what has come to pass and what is still ahead of us.

The Canon and Digital Missioners would like to invite you to share your reflections from across the Diocese and beyond on Holy Week and Easter.

Submissions should be around 250 words (but don't worry if you go over that). You can take inspiration from anything - the day's readings and your experiences during Eastertide are a great place to start. If you choose to use an image, please make sure that it's okay to share it (contact us for a list of useful websites for free photos).

For more information and submissions, please email digital@glasgow.anglican.org
